

Ever Seen a 25 ft. Tall Security Guard?

Now You Can SEE ALL, KNOW ALL ... & Even PREVENT ALL Construction Site Loss

It's a problem that just keeps growing. Developers and builders face construction site theft, arson and vandalism that cost the building industry over \$4 billion annually. To protect your investments at all times, even while you're away, CamGuard will assess your construction security requirements with care and diligence.

The Perfect, Cost-Effective Complement or Alternative to Security Guards

CamGuard excels in providing portable, temporary and affordable video surveillance systems (for rental or purchase) designed for quick set-up and simple, yet reliable operation. CamGuard specializes in flexible, integrated systems for site security, asset protection, remote video monitoring/archiving, observation and crowd control. Even when you can't be there, CamGuard will be looking out for you and your property. We are always there... Always on and Internet accessible.

That's just another example of CamGuard's exclusive performance assurance bringing peace of mind to our clients. Exceptional people using incredible technology is what CamGuard is all about.

EXCEPTIONAL PEOPLE – INCREDIBLE TECHNOLOGY
